

# Hardik Patidar

Aspiring Computer Science Engineer Passionate About Web Development & AI/ML

📍 SRM University, Chennai | 📞 [+91 7692824718](tel:+917692824718) | @ [patidarhardik81@gmail.com](mailto:patidarhardik81@gmail.com)

## Summary

Enthusiastic and self-motivated BTech CSE student with a passion for software development, AI, and machine learning. Experienced in building frontend projects using HTML, CSS, JavaScript, and React, along with programming in Python and Java. Eager to explore and apply AI/ML concepts while continuously learning new technologies to solve real-world problems.

## Education

### SRMIST University

June 2022 to May 2027

Kattankulathur, Tamil Nadu

Btech in CSE with specialization in Big Data Analytics

9.15 CGPA

🔗 <https://www.srmist.edu.in/>

## Projects

### Spotify Clone/ Web-Player

🔗 <https://spotify-webplayer.freewebhostmost.com>

A simple, responsive web-based music player inspired by Spotify. Built using **HTML**, **CSS**, and **JavaScript**, this project allows users to organize and play their favorite songs by genre or taste (e.g., Pop, Rock, Romantic, etc.) directly from a local ``songs`` folder.

### Health and Wellness Tracker

A Python-based health tracking application with features for logging daily activities, meals, sleep, mood, water intake, and habits. Includes a meditation timer, data visualization, and a secure login/logout system.

Python, Tkinter, Matplotlib, Data Visualization, UI/UX, Health Tracking, Authentication
